Incident Reporting

Please provide a detailed description of the incident/concern using specific concise, objective language. Please make sure to include all relevant information, including who was involved in the incident, how each person associated with this report was involved in the incident, what happened during the incident, where the incident took place and when the incident took place, and how you became aware of the incident.

I would like to report an incident which I believe is in violation of the University of Central Florida's Golden Rule Student Handbook in regards to section 10- Title IX Policy and Procedures, specifically in regards to Sexual Exploitation:

(j) Sexual Exploitation: Sexual Exploitation is purposely or knowingly doing or attempting to do any of the following:

- 1. Recording or photographing private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;**
- 2. Disseminating or posting images of private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;**
- 3. Allowing third parties to observe private sexual activity from a hidden location (e.g., closet) or through electronic means (e.g., Skype or livestreaming of images);**

I had consensual sexual relations with ██████████, an active brother in Delta Sigma Phi, in October 2017, at his apartment located on Science Drive. At the time of the sexual contact I was unaware that ██████████ recorded our activities, which is a violation of my personal privacy.

█████ proceeded to share/exploit confidential video with brothers- which included sending the video to 4 or 5 brothers in fraternity and passed around for people to view at chapter.

I was made aware of this incident months after video was shared, during Spring Break when █████'s big (█████) texted him from the bar where he was drinking with other brothers "rumor has it you shared a video of your girlfriend (unknown specific) chapter" and

I read the message, as I was with █████ at the time he received it, and asked █████ if it was true, and he confirmed that it was. I asked █████ what the video depicted. █████ told me the video was only a few seconds in length, but that my face and upper nude body was visible. I asked █████ to see the video. █████ told me he had deleted the video and the text that he had received from his Big. █████ sent a text out to some of his other brothers (████████████████████) and requested for them to send him the video to him. I do not know if they sent the video to █████ because █████ told me they were out of town in Miami and he didn't know if he would get a response.

I was also told by █████ that the fraternity's private Facebook page called "dog pound" is a private place for brothers to post nude photos and videos of sexual interactions for other brother's entertainment.

During the process of videotaping, sending around, and sharing during chapter, no brothers told █████ to delete the video or stop sending it around.

I know for a fact this is the common culture among this brotherhood and I am not the first or last female to be exploited.

I have severe concerns about retaliation by █████ as well as his entire Fraternity.

I would request that prior to any notification to █████ of an investigation that someone attempts to research the "dog pound" or to locate the video. I believe that if █████ was to be notified that efforts would be made to delete all evidence.

I have a screenshot for the "Dog Pound" Facebook site. It cannot be openly searched for as it is a private group.

I would appreciate if someone could contact me to further discuss my options with me.

I am a full time student at Embry-Riddle Aeronautical University in Prescott. AZ.
